MURDER IN MISSISSIPPI.

Aberdeen, Miss., Nov. 28 .-- Perdispatched posses and about exhausted the telegraph facilities, when this evening with lightning wings came the glad bidings from the vigilant officers of Corinth, announcing the demon had been captured. The description answers so well that little doubt is entertained of his being the murderer. The officers are now on the way with him, A negro has been jailed to-day who was the possessor of a bloody shirt, hid in a cotton-seed pen in the neighborhood, and who admits having had a difficulty with one of the party that night. One theory is that two were engaged. It is to be hoped that to-morrow will solve the mystery.--Memphis Appeal.
